25X1

**Priority Requirements for Information
on Long Range Bomber Capacity**

1. The Ad Hoc Requirements Committee representatives were called together by the Chairman to prepare urgently requirements for TALENT photography to gain a more accurate estimate of Soviet long range bomber capacity.

2. The Ad Hoc Requirements Committee adjourned after outlining the problem, and experts from the various agencies remained throughout the day completing the paper which went forward to the Director of AQUATONE, which is distributed as [] 19 August 1957, "Utilization of AQUATONE Against Soviet Air Force Bases and Production Facilities".
